CS 2800 – Web Development I
Fall 2015
Assignment 10 –Presentation Summary

Due: November 3, 11:59 pm

Turn in: the html document described below

Summarize the key points from the presentations given October 26-30. Your paper should be 2-3 pages in length and must be written in well-structured html. Styling (css) is not necessary.

Grading:

- html is well-structured, using valid html5 syntax

- Each topic has been summarized in the student's own words; the summary includes all key topics (brief description of each) presented in class.
